Minimum requirements for the use of
# Dressage Paperless Judging Technology at FEI Dressage and Para Dressage Events

Event level	General — Minimum overall infrastructure	Network — Local network technology	Network — Local network isolation	Network — Internet connectivity	Infrastructure — Calculation server	Infrastructure — Server isolation	Infrastructure — Server redundancy	Infrastructure — Scoring devices redundancy	Security — Account based Log storage and traceability	Security — Single-App Locking (prevent any other app to be displayed on the scoring device)	Security — Data encryption
Olympic Games, Paralympic Games and World Championships	2 local and redundant servers + Local isolated network	Wired only	Required (physical or VLAN isolation)	Wired only	Local	Yes (connected to local network + connected to internet)	Required	Required (minimum 2 spares)	Servers + Scoring devices	required	Required (minimum AES 256)
Continental/Regional Games Senior and Continental/Regional Championships Senior, World Cup and Nations Cup Finals	Local server + Local isolated network	Wired only	Required (physical or VLAN isolation)	Wired only	Local	Not required	Not required	Required (minimum 2 spares)	Server + Scoring devices	required	Required (minimum AES 256)
FEI World Cup Western European League, FEI Nations Cup CDIO5* and Olympic Qualifiers	Local server + Local isolated network	Wired or Wireless	Required (physical or VLAN isolation)	Wired or Wireless	Local	Not required	Not required	Required (minimum 2 spares)	Server + Scoring devices	required	Required (minimum AES 256)
Continental/Regional Championships not Senior, FEI World Cup Non-Western European League, FEI Nations Cup Non-CDIO5*	Remote server + Local network	Wired or Wireless	Required (physical or VLAN isolation)	Wired or Wireless	Local or remote	Not required	Not required	Required (minimum 2 spares)	Server + Scoring devices	required	Required (minimum AES 256)
CDI5*	Remote server + Local network	Wired or Wireless	Required (physical or VLAN isolation)	Wired or Wireless	Local or remote	Not required	Not required	Required (minimum 2 spares)	Server + Scoring devices	required	Required (minimum AES 256)
CDI4*, CPEDI3*	Remote or local server	Not required	Not required	Any	Local or remote	Not required	Not required	Required (minimum 2 spares)	Server + Scoring devices	required	Required (minimum AES 256)
CDI3*, CDI2*, CPEDI2*, CDI1*, CPEDI1* and other CDI levels	Remote or local server	Not required	Not required	Any	Local or remote	Not required	Not required	Required (minimum 1 spare)	Server + Scoring devices	required	Required (minimum AES 256)
